
Inscribed By Agus Tjiu & Ma Arif

Inscribe is the most innovative master prediction system in the market.

From the beginning an envelope sealed on the clear box and remain untouched until the end of the routine.

Then we gather information from audience as the routine you create.

The best part is, the audience is the one that open the box.

Magician take the sealed envelope, and hand it over to the audience.

Inside consist an exact prediction as you wish.

Any type of prediction, texts, numbers, or even any doodle.

The possibilities are as far as your wild imagination of an impossible prediction, looks great for either parlor and stage act.

Produce a great effect with minimum effort.

Can be done without using assistant and more importantly, it packs light.

Beautifully crafted by Tjiu Magic

Won't trouble you to operate it because it comes with everything you need and detailed instruction how to perform and how to prepare the device.

Let your wildest imagination take you to the limit no magicians ever thought before.

Note: It can only be used with Android.
