
Carat XDD Single Display Deck Stand

Carat Case Creations presents the **Carat XDD Deck Display**, a simple, yet elegant display for your favorite deck. Perfect for you to keep your deck of the day at your fingertips on your counter top, desk or shelf.

The **Carat XDD** is made of a solid piece of 3cm thick acrylic with dimensions 6.9cm x 5.0cm x 3.0cm and has a slanted groove 20cm wide to allow for most decks to sit comfortably in it. On each side, there are four neodymium magnets to allow for multiple displays to be connected seamlessly side-by-side. It comes with rubber pads that can be adhered on the bottom to prevent sliding on as well as scratching of surfaces.

Carat card cases and displays by Carat Case Creations are the preferred playing card storage and display cases of discriminating collectors and designers. Aside from its regular production cases, Carat Case Creations has worked with many of the top designers to create custom cases and displays, including Butterfly Playing Cards, Jerry's Nugget Playing Cards, Rick Davidson, Midnight Playing Cards, Mint Playing Cards, Stockholm 17, Thirdway Industries, Tru-Card and Vanda Playing Cards.
