
Rose to Canes by Jieli Magic

Rose to Canes is the perfect opener for any stage show, although it can be used anytime in your act.

A rose is shown to the audience. The magician takes the rose bud and instantly changes it into a red silk handkerchief. The handkerchief is held in one hand and the flower stem is held in the other. Instantly, like magic, BOTH the silk and the stem VISUALLY change into a red cane and a green cane. Comes complete!
