
Chop Cup (Natural) by Mr. Magic

Here's a beautiful **Chop Cup** made out of wood, yet it still has that important magical ingredient that's present in a metal Chop Cup!

Perform a Cups and Balls routine with **ONLY ONE CUP** - no need for 3 cups with this beauty. Make the ball vanish, appear, or even magically change into another, larger ball!

You'll love how it looks and performs!

Supplied: Chop Cup and necessary balls to perform great routines!
