## **Clear Production Flatland (2 Umbrella) by Mr. Magic**

A surprising and magical production of TWO Umbrellas!

Unroll a scroll of clear plastic and hold it in front of you - you can easily be seen through its transparent surface. Roll it up, reach inside, and pull out a colorful umbrella that instantly opens up! Then pull out a **SECOND** opened umbrella (you can unroll it and roll it up again if desired) to the audience's delight and amazement!

Totally baffling - an audience pleaser!
