
You Do As I Do Plumes by Mr. Magic

A very funny and magical moment in your show! Show a beautiful feather plume and place it inside your magic wand. Hand another set to your volunteer, asking them to do the same. You both turn your wands upside down. When your volunteer pulls their plume out, it's upside down - but yours comes out right side up! Do this again with the same result. In fact, exchange wands and the same thing happens!

Very funny and magical!

Comes with wands and plumes.
