
Ninja+ Fusion in Black Chrome by Matthew Garrett & Brian Caswell

Show a silver ball and a solid black chrome metal ring.
Slowly and visually fuse them together.
Let the audience examine this strange object.

Professionally presented in a round box, **Ninja+ Fusion** comes in a black chrome finish and you are provided with all of the props needed, and online video instructions are also supplied.

This works great on its own and can also be easily combined with any close-up Linking Rings routine.

Ninja+ Fusion is ideal for all close-up magicians, regardless of whether you perform with Linking Rings or not.

Easy to perform and a variety of routines are included, making it ideal for both beginners and professional sleight of hand workers.
Visual magic at its finest.

Created by Matthew Garrett & Brian Caswell.
