
Expansion Set in Black Chrome by Matthew Garrett

These chrome black rings are stunning and accompany The Chrome Black Linking Rings Close Up & Chrome Black Ninja+ and FUSION, and match both in terms of size and color.

You receive 4 rings of the highest quality - 3 joined rings and 1 single solid ring.

Presented in a velvet bag and with online video instructions by none other than Matthew Garrett.

If you perform the close-up rings, then this set is for you.

These rings are of the highest quality.

They are smooth, professionally plated and the welds unnoticeable.

All rings measure 4.5" outside diameter. The weight and size are perfect for close-up workers.

Many classic close-up routines use more than just 4 rings. With the expansion set, you can perform them too.

Matthew teaches a direct, visual 6-ring routine, where you link a full chain of 6 rings.

Please note: This set is not a trick on its own.
