
SWEET by Smagic Productions

If you are looking for a way to change your ordinary card routine into something new and strong, **SWEET** is for you! Visually you change a playing card box directly into a full gum box with the signed card magically folded inside. It's incredible when spectators are screaming while you're performing. It's easy to get that huge reaction from this extremely visual effect. In an instant, the deck changes into a package of gum with their signed selection folded inside - impossible but true!
