
CELLINI POUCH by The Ambitious Card

Incredible apron style pouch by The Ambitious Card. This pouch is very comfortable to wear, rolls up easily for storage/travel and can hold a lot. These are the pouches Jim Cellini purchased from us to sell at his lectures. They are just like his original Cellini pouch with a few added touches, approved by Cellini. Jim called them "perfect". The pouch design is new but based his original "Cellini Pouch". These are great, supple, light-weight pouches.

Relative load size: 4 oranges and a coconut.

This pouch is useful for busking and as a servante attached to a table. The pouch is usually worn in front. The pouch looks like 2 pockets but is actually just one. Items can be passed from one side to the other. The center flap can be adjusted using holes/laces to reduce the opening size if desired.

Features:

- Inside flat pocket for small objects toward the body
- The pouch has long leather laces that wrap around the body and tie like any apron.
- Beautiful leather
- Lined on the inside and the back.
