
Fresh Swap (DVD and Gimmicks) by SansMinds Creative Lab - DVD

If you ask people what they expect to see when they meet a real wizard, everyone will probably give you different answers. But there will be one thing in common. Real magic. Impossible things that happen outside of anyone's expectation at the most unexpected moment. Magic that's direct, simple, and visually unexplainable with an object that doesn't shout, "MAGIC TRICK!"

Here at SansMinds creative Lab, we bring you **Fresh Swap!**

A casual trick that we do day in and day out that lands us real gigs. It's so cool you don't even need a presentation for it. Shut up and let the impossible make the statement for you.

This is **Fresh Swap**, check it out.
