
TRIPLE GUM by Smagic Productions

From Smagic, we bring you THREE hyper-visual effects in ONE. Imagine that you remove a box of playing cards from your pocket, and then visually you change it right into an M&M's pack. No way, but true! You can split it into 2 pieces and then give your spectator a kicker ending. Break the M&M's pack into 2 different GUM packs! Full gimmick included. It enables you to perform anytime, anywhere without any fear.
