
Every Table is a Stage (2-DVD Set) by Dan Fleshman - DVD

For the last 30 years, I have been making my living as a professional magician. The effects on these DVD's are my bread and butter. Routines that have been fine tuned over thousands of performances for audiences at corporate events, parties and my specialty restaurants.

Performing 3 hours a night 5 days a week for the past 10 years has given me the opportunity to create and perfect these routines on this 2 DVD set.
