
Mirror Box (Wood/Folded) by Mr. Magic

This is the classic 'Mirror Box' production prop, but has now been made so you can fold it! As such, it is much easier to carry the dismantled box in your suitcase. Further, the mirror supplied is made of plastic; hence it is much safer to carry in a briefcase. Your audience will swear that the box is empty, while you already have a nice-sized production inside!

This excellently decorated box is made of wood and easy to carry.

Open dimensions *approximately* (L x W x H): 10" x 10" x 10" (26cm x 26cm x 26cm)
