
Out of Sight (DVD and Gimmicks) by Joshua Jay - DVD

For months - ever since Joshua Jay fooled Penn & Teller with "**Out of Sight**," customers have been emailing us every day, asking when it will finally be ready. Friends, we have news for you. It's ready!

The reason it took so long is that each deck takes nearly an hour to craft, by hand. All the cards are custom-printed, and the deck allows someone to think of ANY card in a deck. You tell them what card they thought of, you find their card, and ALL THE OTHER CARDS ARE BLANK.

Rarely does an effect come about that has a logical, intriguing presentation woven into the magic itself. In "**Out of Sight**" you explore what it would be like to perform magic for a blind person.

The effect is also ENTIRELY self-working. As in, there is not a single move in the entire routine. Once you understand how the deck works, the effect performs itself. You're just there to present it.

Package includes blindfold, instructional DVD, and "**Out of Sight**" deck.
