## **SERVANTE by Shin Lim**

The **Servante** is a close-up magician's most important utility device! This secret assistant helps you ditch, steal, switch or retract items which is essential for vanishes, appearances and changes of all kinds.

Shin Lim has completely redesigned the Servante from the ground up. It has been honed over thousands of performances. This is the exact unit he uses in all of his close-up and stage Shows worldwide. You can use this newly designed apparatus sitting or standing, the possibilities are limitless!

Shin teaches: set-up, bag options, design, movement, application as well as a behind-the-scenes look into how he uses this in his own act.

Comes complete with everything you need to start performing.
