## **Crayola Water Based Marker Large Tip (1 unit)**

These are the **BEST WATER-BASED MARKERS** for **ANY** of your treasured **SvenPads®**. They look just like a typical marker, but they will not bleed through the paper, and they will not splatter. They are also instant drying. These work beautifully with your SvenPads®, especially for the larger pocket-size, Bookstyle, or all stage-size formats.

**NEVER (EVER) USE AN OIL-BASED SHARPIE ON YOUR SVENPADS®!**

These Crayola washables will never bleed through the paper, and they will work perfectly when you want the look of a Sharpie on a larger format. They dry instantly with no smearing. Never use a Sharpie, as they will ruin your treasured pads.
