
MEIR YEDID'S FINGER FANTASIES: EXPANDED EDITION - Buch

Harry Anderson, David Copperfield, David Blaine and Criss Angel have all performed magic from this book on television!

This book contains the collected finger routines, techniques and sequences that Meir Yedid created, introduced or popularized. It includes the complete text of the out-of-print books, *Finger Fantasies*, *Finger Secrets* and the *Twisting Arm Illusion*. It also contains the many published and unpublished routines that Meir has been performing his entire life.

You will learn how to shrink, stretch and vanish your fingers, impossibly twist your arm, crack your knuckles, force a finger, make the hair vanish off your friend's finger, make toy animals bite your finger off, make your thumb move up and down your arm and even penetrate the center of a table, perform a finger trick over the phone, and so much more.

After reading and practicing the impromptu magic in this book, you will always be prepared to create memorable magical moments whenever you are asked to perform.

Published by Meir Yedid Magic in 2018. Written by Meir Yedid, Harry Lorayne, Gary Ouellet, and Bill Miesel. 136-pages, soft-cover, perfect-bound, with 90+ illustrations and photographs by Joseph Wierzbicki, Akemi Yoshida, Devlin, Fred Kraus, Tom Gagnon, and Alan Wassilak.
