
Linking Ropes (Ropes and Online Instructions) by Marko

Same magic as the Chinese Linking Rings, just as fascinating, but much lighter! **Linking Ropes** includes rope and Online instructions to perform an incredible Marko routine.

Just imagine the classic Chinese Linking rings, but with ropes!!! Tie three pieces of rope at their ends, and each one of them magically turns into a ring. Now they magically interlock with each other, again and again. Looks amazing!

Very easy to perform. It includes the routine in a video that you can see directly from the Web.

Everything is explained by Marko, with his advice and ideas. This act is essential to add to your repertoire. Marko, the great Panamanian magician and one of the best American magicians, has included this routine in his performances for over 30 years!
