
ShadeShift (Gimmick and DVD) by SansMinds Creative Lab

ShadeShift is the world's most visual and instantaneous deck transformation. The magician can instantly transform the color of an entire deck of cards from blue to red! It's incredible and has to be seen to be believed.

Not only that, but **ShadeShift** comes with a full routine where every card in the deck changes except the spectator's selection.

This DVD contains the instructions needed to create the gimmicks necessary to perform **ShadeShift**. The gimmicks are easy to make, and the instructions are very thorough. If you're looking for a new Color Change to mess around with, **ShadeShift** is a great choice. Even better, if you're looking for a great effect to add to a longer routine, **ShadeShift** is the one!
