What is being said about "Topas VIRTUOSO"...

"Throughout his career, Topas has managed to walk a line by using his artistry, his originality, and a sure sense of how people enjoy stage magic. He's been

performing a tightrope act, but I don't know anyone who does it better. **Virtuoso** is that tightrope act, every decision, every step. It's creativity at work: exciting and inspiring to watch."

- **Jim Steinmeyer**

"Topas is one of my favorite performers of magic, because his is one of my favorite thinkers about magic. And vice versa."

- **Max Maven**

"Topas is a Genius!"

- **Yu Hojin**

"It's with great satisfaction and immense gratitude towards one of the contemporary creators I most admire that I have great news to share with all of you!

"Topas is one of the most talented magicians of our time and he has decided to share with the magic community everything he ever created.

"On **VIRTUOSO** Topas doesn't hold back anything! From illusions to manipulation, from theory to his own creative process. Imagine spending a week with him and be able to ask any questions and see every prop inside out. It's difficult to believe that a creator and performer like Topas would ever explain it all. He did.

"**VIRTUOSO** runs for over 10 hours and you'll also get 2 more hours in extras. English DVD, subtitled in German, Spanish, English and French."
