## Hyper Bent Elation by DARYL

**DARYL'S HBE (Hyper-Bent-Elation)** is one of the most perplexing and unique card tricks you can perform. Two cards are selected and signed before being openly cut, folded and passed through "the fourth dimension" where they magically transform into double faced and double backed Hypercards! These impossible cards are then given away as souvenirs to your spectators as evidence of the amazing magical experience they will never forget!

This jaw-dropping effect is absolutely incredible!

Hyper-Bent-Elation comes complete with specially printed poker size Bicycle Rider backed cards (manufactured for us by the U.S. Playing Card Company), detailed Online instructions!

**BONUS!** You will learn a **BONUS** one card version of the HBE from Javier Fuenmayor!
