
The Rose 2.0 (Red) by Bond Lee & Wenzhi Magic

Elegant, visual and practical. The Rose has been one of our best sellers for a long time.

Now this routine has got even better! **The Rose 2.0** allows you to produce four roses at once.

Routine:

The magician holds a silk and produces a rose, then the rose is vanished under a flash of fire. Then four roses appear one by one in an incredible manner. This looks beautiful!

A bonus routine accomplished with your bare hands is also taught in the tutorial.

Includes four gimmicked roses.
