## **LOLLIPOP PREDICTION by Sorcier Magic**

A great prediction effect, for kids and adults!

A wooden base is presented, holding five lollipops - each with a different color and taste.

A prediction is fixed to the wooden base with tweezers. A child or spectator is invited to take a lollipop. After having discarded it, the magician shows that his prediction is correct.

The other lollipops are discarded to show that the tastes and colors are indeed different.

Measures 11 x 26 cm. The base is made of sturdy and resistant wood. The lollipops provided are colored and very similar to the real ones to last over time.

Clear explanations inside.
