## **Card on Ceiling by J.C. Wagner, Scotty York and Jamy Ian Swiss - DVD**

Jamy Ian Swiss has developed perhaps the most compact, amazing, and practical "Card on Ceiling" ever published, and now he shares the work on video for the very first time - a method you will carry with you every day, always ready to perform this unforgettable feat at a moment's notice. You'll learn every improvement and advantage from Swiss, who has honed this routine to perfection over decades of performances.

Jamy also shares two other versions from his mentors and friends: Scotty York, and legendary bar magician J.C. Wagner. Each performer added something new to both the plot and the methods of this routine, and you get to see each in live performance, and learn them all in complete detail.

If you have ever wanted to learn this classic of magic, in which a signed selected card mystifyingly appears on the ceiling, this DVD is essential viewing!
