
Z Fold Wallet (locking)2.0 by TCC

Here's a fabulous gimmicked wallet that will enable you to perform miracles.

Show a window portion of a wallet to be empty. Moments later, a selected and signed card appears in it! Or have cards change, or even have predictions change (from an incorrect prediction to one that's correct!). Or have a card disappear from the wallet, only to be found somewhere else. So many possibilities!!

- High quality wallet (pure black, artificial leather).
- Wallet has an automatic locking system.
- Designed for poker-sized cards.
