
Voodoo Prediction by JL Magic

Imagine predicting exactly where a spectator will choose to have voodoo pins stuck on a toy figure. That's EXACTLY what you'll be able to do!

Show an envelope containing a prediction. Then have a spectator select a number of places where they want the pins to be placed. After inserting the pins, the envelope is opened. The prediction shows a figure with markings on those exact same places!!

Great for close-up magic.

- Attractive-looking item and packaging
- Clear image
- Comes with all the necessary materials and a complete routine
- Easy to prepare - minimal set-up time
- For ages 10 and above

Even great for beginners!
