## **Bicycle Koi - Pokerdeck**

Prepare to go koi crazy with the brand new deck from Collectable Playing Cards -- **The Bicycle Koi Playing Cards!** This deck was inspired by the beautifully colored fish that are mostly found in Asian cultured ponds and gardens around the world. The word, koi, is a symbol of love and affection and is known as the friend of the sea. Give these fishes a home and instantly feel the sense of peace and serenity.

As we stare directly down onto the tuck case, we spot the stunning koi surrounding a large spade sculpture. Asian themed patterns and artwork accompany the koi in their natural habitat.

The back cards are a beautiful cluster of the stunning colored fish. They gather together as if it were feeding time to form a terrific back image.
