
Choice Cloverback (Red) - Pokerdeck

"Are you going to make more Choice cards?" Ever since the Blue Choice sold out, we have gotten that question countless times.

When we teamed up with Ben Kolozsi to create the Blue Choice deck, we had no idea they'd create such a splash. People admired the design and especially loved the feel. Rather than just doing a reprint, we wanted to make the decks perfect.

We adjusted the design to be totally symmetrical and to blend the various elements together even more seamlessly. This tribute to one of the most popular and hard-to-find deck designs is better than ever and has been dubbed **Choice Cloverback**.

Now available in Classic Red, the **Cloverbacks** are a worker's dream. Printed on Penguin's Elite stock, the cards feel broken-in right out of the box and are a joy to handle. If you love the feel of the Bicycle Elite Edition, you'll love these!

The **Cloverbacks** include Arrco faces for a familiar yet vintage vibe that makes the deck stand out but is still playable and performable. You also get three identical custom Jokers, a custom Ace of Spades, and a gaff card. All decks come packaged in a custom classic tuck box.
