
Essential Carey (2 DVD Set) by John Carey and Alakazam Magic - DVD

Alakazam Magic is thrilled to announce the release of a brand new, 2-DVD boxed set by the Alakazam Academy's "Core Tutor", John Carey.

In recent years, John has become internationally acclaimed for his streamlined and practical approach to card and close-up magic. He has travelled all over the U.K., Europe and America, lecturing on his style of magic.

If you want powerful and commercial magic that isn't going to bust your fingers, then look no further! Carey has cherry-picked 20 fabulous items with cards, coins and even some mentalism for your entertainment and edification. There are no pipe dreams here. Every effect has been tailored to entertain and fool people, and we just know you will love the thinking here.

There is so much variety in this collection, including Stealth Assembly, which John Bannon called a Neo Classic. This is the cleanest un-gaffed Four Ace Assembly you've ever seen!

Carey's approach to the classic Chicago Opener will enlighten you as to how he thinks differently in working on a well-known plot.

If you like coin magic, there's a beautiful rendition of the classic Traveller's Plot, but with four signed coins.

These are just three of the twenty items performed and taught in exacting detail, and we just know you are going to love this collection!
