## Profiteer by Adrian Vega

The Mystery Box is a classic plot that most magicians have in their repertoire. Having a freely selected, signed card, appear miraculously in an isolated container is a plot that is easy to follow, and it drives magicians and laypeople crazy. Adrian Vega, the creator of SCAANDAL, has taken this concept to the extreme by developing a Mystery Box without a box! He has created the most organic version we have ever seen. All of the items in play make perfect sense and we guarantee that it will become a staple in card transportations and predictions. The switch is so invisible that not only is it fun to perform, but it will hold up on a TV set even if they use slow motion cameras!

- Always ready to perform
- Use it with billets, predictions, and any type of playing card, fully customizable
- No elastics
- Takes up little pocket space
- Objects are organic in everyday situations
- Gimmick is instantly reset and ready for next performance

**Profiteer** is the ultimate bar bet, and the best part, you'll never lose!
