## Magic on Tap (4 DVD Set) by Denis Behr - DVD

You will learn great card magic from this master!

DENIS BEHR has been lauded as one of the finest sleight-of-hand artists in the world. This is your first and only opportunity to witness his brilliance live and on video.

Filmed in the prestigious *Krist and Münch Theater* in Munich, you'll see Denis perform a show in English for the packed 80-seat theater. Then you'll see him perform an informal close-up show at the Beer and Oktoberfest Museum.

Behr's card material is astounding; it's a mixture of sleight-of-hand, mathematics, memorized deck work, and more. Whether you are advanced or new to the art of magic, there is much here for everyone to enjoy. His books, *Handcrafted Card Magic 1 & 2*, were universally acclaimed, and this is your chance to see the best of that material in action. You will also learn new and unpublished material, released for Magic on Tap for the very first time.

*"The first time I saw Denis I got fooled... the second time I was fooled again. After the fourth or fifth time I begged him to do a DVD and damn, did he deliver."*

*"In Denis Behr's live shows, he's smart, funny, skillful, and very tall. On the Magic on Tap performances, you get everything but the tall part. Instead, you also get clear explanations of his großartig card tricks."*

**- Max Maven**

*"Denis is a good friend, so you might say I am biased. And I absolutely am: I very much enjoy intelligent, artful, funny and original card magic. And that's why I love these DVDs. Just watch them - I bet you will be biased, too!"*

**- Roberto Giobbi**
