## Les Melies Conquests by Pure Imagination Projects - Pokerdeck

The latest edition of the **Les Méliés** series of playing cards by Derek Mckee and Michael Blau pays tribute to the iconic film, A Trip to The Moon, directed by the French filmographer and magician George Méliés. While the deck features the same intricately designed back, the **Les Méliés Eclipse** edition includes an updated tuck box. Most importantly, this deck encapsulates many secrets and features that will enable you to captivate your audience and push the boundaries of their imaginations. We encourage you to discover the special features on your own.
