## **COBRA - Pokerdeck**

**COBRA** is illustrated by the supremely talented Rick Davidson and housed in a gorgeous soft touch burgundy tuck box complete with gold foil COBRA logo and detailing.

Traditional faces and numbers are accompanied by gold metallic inks on the courts and backs.

Described by Cartamundi as 'revered and incomparable' **COBRA** is a premium deck made to be used and has been praised and reviewed by Chris Ramsay, Magic Orthodoxy and more.

So impactful, they are even featured in the movie Poker Face starring Russell Crowe.

Included in the deck for the magicians is a blank face card and a double backer. Printed by Cartamundi on their exceptional cardistry finish, now with slimline stock for our 2022 reprint.
