
Mirror Goblet by Amazo Magic

Amazing prop for changing one object to another, or even a great "restored tie" effect (read below)!

Here is a high-quality and high-capacity goblet glass. It measures 19 cm in height and 9 cm in diameter.

Ideal for transformations and colored liquids to silk, streamers, confetti, etc.

Here's a great idea: before an event, purchase two identical ties and request the host to wear one. Keep the other hidden in the goblet. At show time, carefully cut their tie with a scissors. Place the pieces of their tie in the goblet, do the magical work, and pull out the "restored" tie from the glass! The audience will scream!

Shock resistant, made of high quality plastic. Written instructions included.
