
Breaking Our Magic Wands by Robert E. Neale - Buch

Published by Theory and Art of Magic Press

When magicians die, it is customary to break a wand to symbolize the end of their magic. But as Shakespeare's Prospero shows, there might be other reasons or seasons to break our magic wands. What might they be? What options do we have for ending our time with magic?

In this book of heartfelt insight, Robert E. Neale, one of magic's deepest thinkers and now eighty-eight years old, playfully explores our options through 6 unpublished performance pieces and 4 short essays. And, as you will quickly discover, this book about breaking wands is Bob Neale's own performance of this powerful ritual in his swan song and gift to magicians everywhere.

WORDS OF PRAISE FOR ROBERT E. NEALE:

"Bob Neale has a rare ability to create magic with an intellectual whimsy. The result is simultaneously provocative, profound, and just plain fun."

- **Max Maven**

"Reading Bob Neale's work is always an exciting adventure!"

- **Eugene Burger**

"It astonishes me how Bob Neale can transform even some of the darkest situations of the human condition into light, humor, and inspiration."

- **Jeff McBride**

"Robert Neale [gives us books] full of ways and means by which we can... more clearly see the real magic that exists in the world. Long live magic, long live Robert Neale."

- **Michael Weber**

"Bob Neale is a wonder... His ideas are arresting. His insights stretch your mind and make you shake your head with awe, wonder, and respect. And his magic routines are what Mozart would applaud with glee."
