
Regalia by Shin Lim - Pokerdeck

"Regalia is a symbol of excellence, prestige, and innovation. The moment your audience gazes at each individual gold-foiled card, they'll know they're about to witness something spectacular. Each card is crafted with the finest crushed linen paper found in Belgium. And the gold foil was developed and produced in-house to the most exacting standards by Cartamundi.

"And now the box - it's a revolutionary two-layer case, featuring both a luxurious appeal as well as double-layer protection for the cards. Covered in gold embossed foil, this box is in perfect harmony to the prestigious cards.

"And while this is absolutely not how I speak in real life, I just wanted to write something fancy for the ad copy. This is seriously an amazing deck of cards. They feel great in the hands and yes, they Faro shuffle perfectly. I present to you **Regalia Playing Cards**, printed by Cartamundi, designed by Nick Vlow, and produced by yours truly."
