
Something or Nothing (RED) by Magic By Gosh

Sponge words that are perfect for any magician...

For whenever you need to throw out "**Something**" or "**Nothing**" literally. This prop is going to be a great addition to your bag of tricks.

Imagine performing a sponge ball trick. After having had several sponge balls appear from your spectator's hands, you bunch up another sponge into their hand. Ask them if they have something or nothing in their hand. They tell you they have something. You bet that it's nothing. They open their hand to reveal "Nothing" - you were right!! Similar fun can be had with the other: "Do you think you've got something in your hand?" They reply, "Yes." They open their hand to reveal "Something" and you remark that they must have ESP! Much fun to be had with these!

Each word is 10 1/2" x 2 1/2" -- they are super soft and will hold their form.
