
Breach by Patrick Kun

An eye-popping miracle you can carry in your wallet.

Hold a \$2 bill, let the spectator feel it, and then immediately split it into two \$1 bills! Or do the reverse! Or do the split, and bring them back into one bill again! So many possibilities possible with **Breach!**

"This is Patrick Kun magic at its best. Visual. Practical. Off the wall unique."

- **Justin Flom**

"Patrick is always a good-to-go guy for some great, visual and strong magic. This is no exception. Super clean and super visual magic you can keep on you at all times. What more could you ask for?"

- **Alan Rorrison**

When a new magic trick is THIS visual, professional magicians have ONE question: is it a worker?

Translation: Can I do it surrounded, 100 times a night at my walk-around gigs where I'm doing magic for small groups all night without a table and without having to constantly run to the restroom to reset?

The answer is HECK YEAH!!! This trick is bullet proof.

PROFESSIONALS: Carry this in your wallet, and you'll have a monster trick ready to go at a moment's notice. And the gimmick is so versatile, you can do it with any kind of paper, not just money.

Patrick Kun is a total pro, and one of the sharpest inventors in the world. It's no surprise that his tricks are rock solid.
