
Silver Sackbut (Red) - Pokerdeck

LIMITED EDITION: Only 2500 printed! Will NOT be reprinted.

In the 1990's in Hong Kong, there were a lot of gambling films that attracted a large audience. Some of the characters' names still leave a deep impression on us, such as God of Gamblers. **Silver Sackbut Playing Cards** salutes this era of the 90's Hong Kong Gambling films.

Silver Sackbut Playing Cards was made to look like a vintage deck that you might find in an old Las Vegas warehouse from the 1950's.
