
Lota Bowl AL (Large) by Mr. Magic

Mr. Magic **Lota Bowl** is a totally self-working miracle, perfect for stage or parlor performances. The **Lota Bowl** can be performed serious or as a repeating comedy prop in your act.

Your audience sees a beautiful bowl sitting on a table. The magician picks it up and pours water from it, into a bucket or glass. The audience can see that the bowl is completely empty. The empty bowl is placed back on the table.

Moments later, the magician returns to the empty bowl and somehow pours out MORE water! This process can remarkably be repeated again and again throughout your show.

Unbelievably, there seems to be an endless supply of water in this magical bowl!

Made famous throughout the world by P.C. Sorcar, the Mr. Magic **Lota Bowl** is bound to amaze audiences.
