Making a Shadowgraph Show (Limited/Out of Print) by Eric Hawkesworth - Buch

Making a Shadowgraph Show is a very rare and hard-to-find book. Eric Hawkesworth covers all of the basics. He also explains more intricate routines and details of putting on a shadowgraph show. Subjects include: setting up the shadowgraph show, projection lights, operations, arranging the program. He also explains his Punch and Judy show, Red Riding Hood, The Phantom Rustler as well as his classic Circus Time show. This alone is worth the price of the book.
