## **Color Changing Rope with Kicker Ending by Mr. Magic**

This is a beautiful, visual piece of magic that is easy to learn and perform. The magician is seen holding a piece of white rope (about 12 inches long). The magician passes the rope through his fist and it changes to a red rope! To top things off, the magician then passes the rope through his fist once more and the red rope changes into several ropes of different colors! A perfect illusion!
