
Chinese Tweezers by Mario Lopez and Tango Magic (V0018) - DVD

Mario Lopez is one of the recent big surprises of the world of magic. He won the second prize in Micro Magic at the most recent FISM -- his magic is original, simple, different, and fresh.

Chinese Tweezers is one of his creations, the kind of magic that can only come from a brilliant mind.

Imagine poking a pair of tweezers down through the small hole in the center of a Chinese coin, and upon pulling the tweezers back up through the hole, a large Eisenhower Dollar appears on the tip of the tweezers. Amazingly visual!! The effect can be repeated numerous times with the same audience, becoming more magical each time! This looks incredible! There are other ways to make the dollar appear - your imagination is the limit!

Now you can perform this beautiful and incredible magical routine. See what all the excitement is about! The set includes all the necessities: coins, tweezers, and a link with video instructions in both English and Spanish.
