
Cornered (DVD and Gimmick Set) by SansMinds Creative Lab

Visual magic is only memorable when your spectator gets to keep a physical reminder of the impossible moment.

Imagine you fold a corner of a signed bill, and the corner slowly crawls across the bill at your command. The corner will fuss wherever you want on the bill, then it can be immediately hand out to spectator as a souvenir.

*Gimmick included

*Customized to your local currency

*Works with any currency

*TV rights not included with purchase. Please contact SansMinds for TV rights.
