## **Duck Pan by Premium Magic**

**Duck Pan** is a large version of the classic Dove Pan which of course is used for a stage performance.

**Effect:**

The magician displays a large empty pan. A piece of paper is dropped in the pan and then it is lit on fire. Immediately the magician extinguishes the fire by covering the pan with a lid. After a few magical passes the magician removes the lid and out comes a duck quacking loudly!

Note: Stand is not included.
