
Secret Servante by Sean Goodman

Secret Servante is a utility device which allows you to secretly dispose of, or steal out, small objects such as folded cards, coins, finger rings and billets.

Secret Servante can be fitted to your jacket within seconds, and requires no tailoring or safety pins. It is lightweight and designed specifically for close up situations. **Secret Servante** is suitable for right and left handed magicians - indeed, you can fit it on BOTH SIDES of your jacket to give you double the potential. **Secret Servante** can also be attached to your belt.

Secret Servante is quick and simple to use. Just drop your arm down by your side, and your hand will automatically fall to the perfect natural position to use **Secret Servante**.

Applications

Once you have **Secret Servante** you will appreciate the vast potential, a bit like the thumb tip. You will be able to produce, vanish, switch and ditch items - in short **Secret Servante** will open up many routines to you that perhaps in the past you may not have been comfortable in performing, or perhaps not been able to practically perform. It will make your magic CLEANER and more magical.

Here are a few effects where **Secret Servante** could be used with;

Folded Cards

- Mystery box revelation
- Torn and restored card
- Card in shoe
- Card in cell phone
- Card to orange (torn corner match)

Coins

Secret Servante can hold up to 3 dollar coins (plus a shell), up to 4 half dollar sized coins (plus a shell) and of course other denominations too.

- Multiple coin production and vanishes

For switching in, switching out and cleaning up applications;

- Spellbound
- Wildcoin
- Coin in bottle
- Bitten coin
- Cigarette through coin
- Karate coin
- Jumbo coin production
