## **Building Your Own Illusions Part 2 The Complete Video Course (6 DVD set) by Gerry Frenette - DVD**

'Building Your Own Illusions Part 2' by Gerry Frenette, Magic Makers Inc.  
Canada

Part I of the course contains much needed information about tools, materials, and building techniques with some hands-on experience. After laying this foundation, Part II focuses much more on building!

You will learn how to construct: Asrah Levitation; Backstage with the Magician; Shadow Box; Dekolta Chair Vanish; Head Chopper; an original illusion called the Photo Booth; a deceptive base and stairs combo; a clever table design; plus an ATA flight case. You will gain knowledge to help you build anything else you may design.

5 DVD's packed full with information, plus a 6th bonus data disc containing drawings, blueprints, documents, and photos.

*Here is what reviewers said about Part I of this course:*

"It may become of equal historical importance to Illusionists as the classic Tarbell Course is to general magic. Highly recommended."

**- THE LINKING RING**

"A must have."

**- MAGIC**

"Get out your credit cards!"

**- GENII**

"Most useful product for builders of any type, as well as anyone who wants to learn more about illusions."
