
Keychain Magnetic Holder Boon (Grease) by Vernet

Without any doubt one of the most useful gimmicks in the world of mentalism is the **Boon Writer**. You can perform plenty of different effects that look like real miracles. One of the main problems is how to have the gimmick always ready to be used at any moment.

After many years of professional performances in front of real audience as well as in casual or impromptu performances we developed a perfect holder for your **Boon Writer**.

Now attach your car or home key to the "*Magnetic Keychain Boon Holder*" and you will be always ready to have your writer on hand, always ready to use and always in perfect conditions. You can load and unload the gimmick very easily in front of the audience.

NOTE: The Grease Version has a 4m lead tip.
