FLATLINE (master dvd order)

5 SPECIAL BONUS EFFECTS!

1 - REMARKERABLE

Learn the secrets to 'splitting' one marker into THREE. Looks amazing. Great for close-up and stand-up performances.

2 - HOT THOUGHT

Convince people you have psychic powers by first 'sending a thought,' and then 'receiving a thought.'

3 - I.Q.TEST

After drawing a black dot on a playing card with a marker, for just a few moments the dot becomes a REAL HOLE and the performer can even slip the marker through the hole! To finish, the hole transforms back into a drawn black dot.

4 - MAGNETIC

No matter how hard they try, nobody can remove the cap from the marker!
(Perfect for hecklers and know-it-all's.)

5 - CAPTAIN CRUNCH

After a wooden toothpick is closely examined, the magician crunches it between his teeth and swallows it. The toothpick then mysteriously appears in the middle of the pack...stuck through the selected card!

Please note, because each gimmick is hand-crafted, no two look exactly alike. Some of the squashed ends of the FLATLINE gimmicks are a tiny bit rounder, others are a tiny bit flatter, etc.
